

How can you help?

Volunteers are an important part of Community Living and inclusion. Community Living North Grenville is constantly recruiting committed people to:

Assist with transportation

Promote inclusion

Fundraising

Board membership

Leisure and recreation

Friendship

Community events

Literacy

Hobby sharing

If you would like more information about our volunteer program, please contact our Volunteer Coordinator at 258-7177.

Community Living North Grenville

2830 County Road 43, P.O. Box 1430

Kemptville, ON K0G 1J0

Community Living North Grenville is committed to the belief that

"All persons live in a state of dignity, share in all elements of living in the community, and have the opportunity to participate effectively."

Community Living brings people and possibilities together.

Who are we?

Over 12,000 people belong to Community Living Ontario through memberships in 117 affiliated local associations such as ours.

Many have a son, daughter, brother or sister who is identified as having an intellectual disability. People who themselves have been labelled are members. Church, business and other community leaders also belong.

We all belong to Community Living Ontario and Community Living North Grenville for one reason—we support full inclusion of people who are identified as having an intellectual disability in all aspects of community living. The words “Community Living” reflects the growing understanding that the right to live a fully integrated life within the community—to live, to go to school, to work, to enjoy recreation and to be active in retirement—belongs to us all.

Community Living North Grenville was founded in 1967 by local citizens and parents to begin our journey towards inclusion.

We operate through the governance of a local volunteer board of directors, representative of families, individuals who are supported by Community Living North Grenville, and the broader community.

What do we do?

Community Living North Grenville provides supports and services to adults and children with an intellectual disability and their families through an individualized planning process.

Support is provided through a wide variety of services which include: employment, work experience, school to work, leisure, recreation, supported independent living, 24 hour residential support, out of home respite for both children and adults and special services at home.

Community Living North Grenville supports each individual in realizing their best

Where are we?

Our main office is located at 2830 County Road 43, Kemptville. We have satellite offices at 130A Wellington St. in the village of Merrickville, and 28 Clothier St. in the Wellstein Building in Kemptville.

We support individuals at various residential locations including individual's own homes, apartments and homes operated by Community Living North Grenville throughout Grenville County North.

Community Support

Community Living and inclusion involves not only the direct support individuals with an intellectual disability receive from us, but that of the support of the communities in which people live.

For individuals with an intellectual disability inclusion means having the opportunity for meaningful employment, living in environments of their own choosing, having the opportunity to participate in, and to be welcomed in the same community activities we all enjoy — going to church — going to neighborhood schools — freedom from discrimination — having the opportunity for self determination, and to be respected as participating citizens of our communities.
